The “Deep State” is the proto-government aimed at the creation of a “New World Order” (*Novus Ordo Seclorum*), a world ruled by one government.

## **Special Feature:**

A number of virus experts have sounded a warning about both the virus Covid-19 and the coming economic impact of isolation and lockdown:

Two distinct types of virus have afflicted humans throughout history: airborne (eg Coronavirus) and blood-borne (eg AIDS). If a program of mandatory vaccination is imposed on the population it would be an ideal opportunity for the mischief-makers to prepare vaccine with a (fatal or debilitating) blood-borne virus that would enter the bloodstream directly. Another possibility is a birth control virus.
