Antiterrorism: Exposing the Deep State

No. 122

New World News Bureau

Nov30 /21

The “Deep State” is the proto-government aimed at the creation of a “New World Order” (*Novus Ordo Seclorum*), a world ruled by one government. This is undoubtedly the organization referred to by President John F. Kennedy in a speech given at the Waldorf Astoria in April 1961: (Cont’d. at the bottom of this frame.)

Ruling of the United States Supreme Court in 1866 (in Ex Parte Milligan, 71 U.S. 2 [1866] which yet stands to this day)

“Neither the legislature nor any executive or judicial officer may disregard the provisions of the constitution in case of emergency . . . [Section 98] Therefore, ANYONE who declares the suspension of constitutionally guaranteed rights (to freely travel, peacefully assemble, earn a living, freely worship, etc).and or attempts to enforce such suspension within 50 independent, sovereign, continental United States of America, is making war against the constitution and, therefore, We the People. They violate their constitutional oath and, thus, immediately forfeit their office, their authority and their proclamations may be disregarded with impunity and that means ANYONE; even the governor . . . “
