Antiterrorism: Exposing the Deep State

No. 134

New World News Bureau

Nov 17 /22

The “Deep State” is the proto-government aimed at the creation of a “New World Order” (*Novus Ordo Seclorum*), a world ruled by one government. This is undoubtedly the organization referred to by President John F. Kennedy in a speech given at the Waldorf Astoria in April 1961: (Cont’d. at the bottom of this frame.)

BUREAU OF PREEMPTIVE PLANS

Are We Working For The Deep State?

It has seemed patently obvious to those of us working for a better world that the people behind the deep state who work for genocide are simply psychopaths. People with that psychological profile not only don’t care about human misery but actually enjoy it. However, their ultimate enjoyment can only emerge if those suffering know who is responsible for this form of torture. “Yes, it’s **us** and there isn’t a thing you can do about it.”

This amounts to an emotional payoff. It’s no fun at all to have the people you are torturing to not even recognize the source of the pain. And if you can’t get them all to recognize the source, you can at least get some of them to. That’s where we come in. Why are the researchers and their supporters not being interfered with in a serious way. Yes, some websites get deplatformed from time to time, but that hasn’t stopped anybody from putting out the message. It just slows the spread.

What effect are we having on the large number of people who continue to believe in media lies? If we are expanding our influence with the great unwashed from the point of view just expressed, that may please the Deep State psychopaths. But how could that possibly work? Let’s symbolize the numerical population of North America by the letter P and let’s symbolize our numbers by the letter Q. The deep State would keep a close watch on the ratio Q/P. The point is to let the ratio grow, even to encourage it, but only to a point. It’s still growing. Where is that point?

See “The Self-licking Boot” (see in “North America” section.)
