Antiterrorism: Exposing the Deep State

---

No. 090

**New World News Bureau**

Sep 8/19

---

The “Deep State” is the proto-government aimed at the creation of a “New World Order” (*Novus Ordo Seclorum*), a world ruled by one government. This is undoubtedly the organization referred to by President John F. Kennedy in a speech given at the Waldorf Astoria in April 1961:

“For we are opposed around the world by a monolithic and ruthless conspiracy .... a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.” President John F. Kennedy speaking at the Waldorf Astoria, April 1961.

## Special Feature: Scroll to the Bottom

Epstein’s real role may have been to pose as a high-roller with his own personal jet (but no precise record of where his money came from). Was his role to entrap politicians with unusual predilections — like Clinton?

### **Special Feature:**

According to several authors, Epstein was/is a Mossad operative whose basic mission was to act as a feeder for the Corruption Machine. He hobnobbed with the rich and famous (including Trump earlier on) as well as important politicians such

George Bush Jr re-enacts 9/11 with paper airplanes and child's blocks

as US presidents. Bill Clinton was allegedly always delighted to be invited to a flight on the LolitaExpress, Epstein's private jet that featured lots of lounge space

in the passenger area and dressing rooms where Bill could dress up in Women's clothing, as in the first painting above. Others would be interested in the under-age girls (and boys?) that Epstein would procure for them. Those who indulged in anything shadowy might be videotaped and told about it later. They would then be amenable to legislative "suggestions" and special favours — such as bringing more colleagues into the ring.

The two paintings shown here are the work of a New York artist who describes below her surprise at where her paintings ended up.
